Spring Fling

The spring fling was on March 21, 2018. There was fun, dancing, games and more. They also had a coloring contest in the old french room. The spring fling was organized, set up and run by the parent council. A few of the games you could play were Dominos and things along those lines. There were at least 20 conga lines approximately. If you were part of a conga line you would probably just end up starting another. Everybody had a fantastic time dancing, coloring and playing games.

Twin Day

By: Gwen, Nakayla, and Grace

Twin Day was on May fourth. It is when you and a friend or teacher dress the same or similar. (Or a group of students - and of course, a group of teachers too!) Even if your in different classes, you could still dress the same. We are happy we could give you the inside scoop of this day known as Twin Day! Everyone had fun on Twin Day! Including us!
