Grade 6 outdoor ed

By Evan.B

The grade sixes had a blast at the camp YoWoChas! They did 4 fun activities. Archery, Team balance, zipline, and ,rockwall. They were all super fun! Almost everyone's favorite activity was the team balance. You have to stand on a tall wood bar while it is wobbling. It is hard because you are all pressured. The Camp YoWoChas was a good experience for all the grade sixes!

GO Oilers

On October 12 2016 the Oilers won their first game of the season versing the Calgary Flames. The score was 7-4 Oilers. Connor McDavid, our new captain scored two goals and an assist this game. The Oilers got Millen Luchik from the Los Angeles Kings and he is a very physical defenceman and got traded to the Oilers. Tomorrow they are playing the Flames on oct 14.

The Toronto Blue Jays won the first series of the playoffs versing the Texas Rangers. This is the first team of Blue Jays that have knocked out the other team in the playoffs 3-0. And they lost this series playing the Indians.

But sadly they lost the American world series 4-1.
Hopefully the Indians lose because they took out the Blue Jays but they do have the home field advantage.
