Track team

By Even

In March, the track team took a trip to the Butterdome on the University of Alberta campus to participate in the Running Room Games against other teams from other schools. Our school did very well and one of our teams came in second in their race!

Our school also participated in the EIPS Invitational Track meet in May. Mr. Lastiwka and Mrs. Sauder were very proud of how our students represented our school!

Basketball Team

There was a basketball tournament on March 12th at Rudolph Henning. The Boys' A team got 3rd and the Boys' B team got 5th. The Girls' A team 3th and Girls' B team got 5th. There was also a tournament on Tuesday the 15th vs.

Ecole Parc. The boys A team got 3rd and The boys B team got 4th. The girls A team got 3rd and the girls B team got 4th.

Good job Basketball team!

Travel

By Darian

Hello, my name is Darian and I am going to tell you about my journey through the Philippines. I started in Manila, the capital of the Philippines. There, it is very busy and there's lots of traffic. Although it is very busy, there are many beautiful things to see and experience there. Some of those things were Intramuros (a very old, historic part of Manila), Fort Santiago, a zipline and a volcano!

The next stop on our journey was El Nido, but we had to fly to Puerto Princesa and then take a 6 hour drive to our hotel. Most of our time there was doing boat tours. Even though it was very tiring, all of the islands were very pretty and amazing to see. One very exciting thing we did in El Nido was go on an 850 meter zipline! When we were finished in El Nido we went back on the 6 hour drive to Puerto Princesa. In Puerto Princesa, we walked around

town and explored and did some more island hopping. It was not as busy as Manila, but still busy.

After our time in Puerto Princesa we headed to Cebu. Our hotel was close to a very big mall, so for everything (food, groceries, and recreation) we went to the mall. Our time in Cebu was very fun and exciting.

For our last stop on our journey through the Philippines we went to Boracay, a very beautiful and exciting island. Our hotel was connected to the beach so all of our meals were at restaurants on the beach. At night, the beach would come to life with fire dancers and other entertainment.

After 5 weeks of fun, excitement, exploration, and relaxation we came back to our home in Fort Saskatchewan.

Jump Rope for Heart

This was James Mowat's 9th year doing Jump Rope for Heart in the school. Our goal was \$1600 but we went above and beyond. We raised \$8,432.

Way to go, Jays!

The Interview with Councillor Bossert

By: Darian and Colin

What is your favorite part of your job?

“I really enjoy talking to residents of Fort Saskatchewan and helping people with their problems.

My least favorite part of my job however is reading reports and agendas.”

Do you have another job and if you do, what is it?

“I used to be a school principal, but now I am the Coordinator of all private schools in Alberta which is 125 schools.”

Do you think you might want to run for mayor sometime?

“Maybe someday but not until all of my kids are out of the house.”

What are three things you want to see in the future of Fort Saskatchewan?

“I would like to see a bridge over highway 21, a new pool added to the DCC or to renovate Harbour Pool, and build a Hospice.” (A Hospice is a place where people with really bad cancer go to spend the last bit of their days.)

Why did you want to become a councillor?

“I wrote letters to my local mayor back then and nothing was being done so I became a councillor to address the issues not being dealt with.”

How old were you when you became a councillor?

“I was 42 when I became a councillor even though I wanted to become a councillor at 20.”

Is this your dream job?

“This is a great job but not my dream job. My dream job is being a P.G.A. level professional golfer.

What was your first job?

“When I was in grade 7, at 12 or 13 years old, I would be a person sitting on a bench above a bowling lane resetting the pins after someone bowled.”

Do you have any advice for grade 6 students going to junior high?

“I have 3 tips.”

1. Be Organized
2. Make Wise Choices
3. Always Eat Breakfast
