U.S.A. Election

By Lyric .G.

As we all know the United States of America is our closest, strongest and most trusted country of them all to us. The election of the United States were casted in November 2016. The votes were close but more votes came in for Hillary Clinton but more senators wanted Donald Trump (image placed below on left side.) Donald Trump will take the place of Barack Obama soon. (Picture placed below on right side). Donald Trump moved into the White House January 20th 2017. Donald trump has picked the members of the cabinet. Most of the people he picked were famous billionaires. Donald Trump is donating his yearly pay of \$400,000 to charity and refusing to take any other pay as well. So what I think about politics is that it is confusing.

They have been hovering at the top of their division.
